About UPH Faculty of Social and Political Sciences

The Faculty of Social and Political Sciences (FISIP) offers a diverse range of programs, including online learning program (Communication), dynamic program for working professionals (International Relations), as well as rigorous regular programs for undergraduate and graduate studies (Communication and International Relations), providing access to education for various types of students. Additionally, there is a vibrant class with instruction in English (International Relations), aimed at preparing students to excel in the global arena.

The learning process at FISIP is designed with relevant curriculum, integration of technology in learning, fostering an inclusive learning environment, and focusing on the development of essential non-academic skills, resulting in a comprehensive and impactful learning experience.

Our Programs

INTERNATIONAL RELATIONS International Trade

Given the dynamic state our world is currently in, connectivity through the global market and political ambiance are indispensable. This means that future leaders need to be acquainted with knowledge and practical skills that will be applicable in the professional world more than ever. This program provides approaches that are not only timely but also progressively relevant to global development—that encompasses the discussion of global economics and global politics and how it has played an important role in shaping today's international system and power dynamics.
