## FACULTY OF DENTISTRY

Undergraduate  
Program  
2025

# DISCOVER YOUR DREAM

We shape future dental professional through scientific education, dental simulator training, and early experience exposure in hospital. Our programs excel on reconstructive dentistry, enabling students to skillfully restore complex oral rehabilitations with interdisciplinary partnerships. Students will gain hands-on experience in clinical dentistry settings, working alongside experts in medicine, nursing, and allied health to deliver holistic patient care. This unique approach not only enhances clinical outcomes but also prepares our graduates to thrive in dynamic, team-based healthcare environments. We collaborate with healthcare institutions, including Siloam General Hospital, providing students with real-world experience. We look forward to supporting you on your path to becoming a dental professional!

**"The Faculty of Dentistry at UPH prepares students with the essential knowledge and skills to become dentists like no others - compassionate and innovative professionals. Students also encouraged to be dentists for others, dedicated to serving communities with integrity and care."**

~ Dr. drg. Andi Setiawan Budihardja, Sp BMM(K)  
Dean of Faculty of Dentistry

## Journey of Medical Student

### BACHELOR OF DENTISTRY

- 3,5 YEARS

*Sarjana  
Kedokteran Gigi  
(S.K.G.)*

### UKMP2DG EXAM

*Uji Kompetensi  
Mahasiswa Program  
Profesi Dokter Gigi*

### LICENSE OF DENTIST

Dokter gigi (drg.)

### CLINICAL CLERKSHIP

- 2 YEARS

### INTERNSHIP

- 1 YEAR

# EXPLORE YOUR POTENTIAL

DEGREE

Dokter Gigi (drg.)

Get ready for an exhilarating journey where you'll not only master the art of fixing teeth but also evolve into a dynamic, future-ready dental professional! Prepare to tackle everything from braces to oral surgery, and even embark on thrilling adventures in forensic odontology, Yes! You'll be solving real-life dental mysteries! If you've ever dreamed of working in vibrant hospitals, impactful global NGOs, cutting edge research labs, or innovative health insurance companies, this path will equip you for all those incredible opportunities and more! The adventure awaits!

What's even cooler? You'll get hands-on experience in hospitals early on, work with advanced dental simulators, and explore the fascinating field of reconstructive dentistry as a highlight of your studies, with a fun, integrated experience. With an outcome-based Education approach and a focus on interdisciplinary learning, this program is all about more than just passing exams. It's about getting you ready for the real world, one confident smile at a time!

## Partners

## FKG Facilities

- Oral Biology Laboratory
- Dental Material Laboratory
- Dental Simulator (Dental Unit)
- Dental Simulator (Phantom)

## Clinical Clerkship Learning from Real Patients

- Students learn in teaching hospitals & specialty clinics
- Experience simple to complex reconstructive cases (trauma, congenital anomalies, advanced prosthetics)

# Bachelor of Dental Surgery (BDS)

## A strong foundation

At the Faculty of Dentistry, Universitas Pelita Harapan (UPH), our academic staff comprises highly qualified professionals dedicated to excellence in dental education, research, and clinical practice. Our faculty members include experienced dental practitioners, researchers, and specialists across various disciplines such as Oral Surgery, Orthodontics, Endodontics, Pediatric Dentistry, Periodontics, and more. Many hold advanced degrees and certifications, both nationally and internationally, and are actively involved in continuing education and professional development. Our BDS program emphasizes mastery of practical reconstructive dentistry through an interdisciplinary approach.
