OVERVIEW Sp.P.D. (Spesialis Penyakit Dalam)

The Internal Medicine Specialist Residency Program (PPDS-IPD) at Universitas Pelita Harapan is designed to produce professional, competent, and compassionate Internists. Aligned with the National Standards of Medical Education and the Indonesian Medical Council (KKI) Regulation No. 181/2024, our program offers a distinctive excellence in Integrative **Oncology & Immunology (IOI)**.

Vision:

To become a leading Internal Medicine specialist education program in Indonesia that produces graduates with global competitiveness, superior competence in Integrative Immunology and Oncology ethical character based on Christian values.

Mission:

1. Conducting high-quality education to produce Internists who are competent in comprehensive internal medicine care.
2. Developing innovative research, particularly in the fields of Integrative Immunology and Oncology.
3. Providing holistic health services that prioritize patient safety and inter-professional collaboration.

122 credits
to complete the programs

8 semesters
study duration

CURRICULUM

The curriculum is divided into three integrated stages to ensure gradual competency achievement:

STAGE I Basic & Emergency (Semester 1-2)

Focus

Enrichment of basic medical sciences, physical examination skills, emergency management (ACLS, Life-saving procedures), and basic ward/ER care.

Key Activity

Emergency Room and Ward Duties, Basic Procedures, POMR (Problem Oriented Medical Record) mastery.

STAGE II Intermediate / Magang (Semester 3-6)

Focus

Clinical rotations across 11 Divisions (Kidney-Hypertension, Gastroentero-Hepatology, Cardiology, Pulmonology, Hematology-Oncology, Rheumatology, Endocrine, Tropical Infection, Geriatrics, Psychosomatic, Allergy-Immunology).

Highlight:

Integrative Immunology and Oncology modules in each clinical rotations and research initiation.

STAGE III Advanced / Mandiri (Semester 7-8)

Focus

Independent clinical practice, Chief Resident role, Management of complex/critical cases (ICU/ICCU), and Final Thesis (Karya Tulis Ilmiah Akhir/KTIA).

Goal

Ready for National Board Examination and independent practice.

CURRICULUM

Educational Framework and Credit Load (SKS)

1st semester (14 credits)

- General Courses
- Foundational Internal Medicine 1
- Foundational Integrated Immunology & Oncology
- Basic Clinical Skills and Medical Emergencies 1

2nd semester (14 credits)

- Foundational Internal Medicine 2
- Basic Clinical Skills and Medical Emergencies 2
- Research 1
- Foundational Internal Medicine 3

3rd semester (16 credits)

- Nephrology and Hypertension
- Gastroenterology and Hepatology
- Allergy and Clinical Immunology
- Scientific Paper 1

4th semester (12 credits)

- Cardiovascular Medicine
- Pulmonology and Critical Care Medicine
- Hematology and Medical Oncology

5th semester (16 credits)

- Rheumatology
- Endocrinology, Metabolism, and Diabetes
- Tropical Medicine and Infectious Diseases

6th semester (15 credits)

- Geriatric Medicine
- Psychosomatic Medicine and Palliative Care
- Research 2
- Applied Internal Medicine - Medical Consultation 1

7th semester (16 credits)

- Applied Internal Medicine - Intensive Care
- Applied Internal Medicine - Inpatient Care 1
- Applied Internal Medicine - Outpatient Care 1
- Applied Integrated Immunology & Oncology
- Thesis Writing

8th semester (16 credits)

- Applied Internal Medicine - Emergency Medicine
- Applied Internal Medicine - Medical Consultation 2
- Applied Internal Medicine - Inpatient Care 2
- Applied Internal Medicine - Outpatient Care 2

Public Thesis Defense (Ujian Terbuka Thesis)

Board Examination (Ujian Kompetensi)

Six star internist (care provider, decision-maker, communicator, community leader, manager, dan researcher) yang unggul dalam bidang Imunologi Onkologi Integratif

WHY CHOOSE UPH IPD?

1. Center of Excellence: Integrative Oncology & Immunology (IOI)

We are the first program to explicitly integrate Oncology and Immunology as a core excellence, preparing graduates for the future of personalized medicine and immunotherapy.

2. Premier Teaching Hospitals

Training is conducted at Siloam Hospitals Lippo Village (JCI Accredited), MRCCC Siloam Semanggi (Indonesia's premier Cancer Centre), Siloam Hospitals Kebun Jeruk, Siloam Hospitals Kelapa Dua, and other Siloam Hospitals across Indonesia, providing exposure to advanced diagnostic tools and complex cases.

3. Strong Research & Publication Culture

Residents are guided to publish in reputable international journals. The curriculum supports research from the early stages (Systematic Review, Case Reports) to the Final Thesis.

4. Holistic & Ethical Approach

We emphasize not just clinical skills, but also bio-psycho-socio-spiritual care, professional behavior (assessed via Mini-PAT/MSF), and patient safety.
